

White Pine Ridge Timber Piles Rx

Richfield Ranger District, Fishlake National Forest

Contact Information: Ryan McCollin at 435-896-1661 rmccollin@fs.fed.us, or Jill Ivie at 435-896-1573 jill_ivie@blm.gov

Planned Date: Winter 2011 - 2012

Location: The project is located approximately 9 miles east of the community of Monroe, Utah

Legal Description: Township 25 South, Range 2 West, Sections 13, 14, 24

Lat/Long: N 38 x 38' x 7.4"; W 111 x 58' x 15.5"

Project Description: The White Pine Ridge Timber Piles Burn Plan covers the piles of machine and hand piled slash that has resulted from the Annabella, Clover, White Pine, Mill Creek and other small timber sales. This project is located in Sevier County. The project consists of the burning of scattered machine and hand piles throughout approximately 45 acres of timber harvest areas located entirely on National Forest System lands. The primary fuels treatment objective of this pile burn is to reduce the existing wildland fire hazard resulting from activity fuels, thus reducing potential negative effects from future wildland fire to both Forest Service and nearby private lands.
