

# **FIRE INFORMATION**

**Fire Name: Tank Canyon**

**Cause: Lightning**

**Location: Burning at the top of Tank and Swinging Bridge canyons (fire is across the canyon from the visitor center) on National Forest System lands**

**Acreage: 10 acres in dense, patchy vegetation**

**Terrain: Very steep and rugged; firefighter access is extremely difficult and hazardous**

**Resources: One helicopter**

**Fire behavior: creeping, torching, smoke visible**

**Strategy: Continue to monitor fire and use helicopter for water drops**

**Impacts to public: no threat to structures/trails in the area**
