## **Plateau Fire Burning East of Salina Utah**

**RICHFIELD, UT: July 23, 2014** - Fire crews responded to a wildland fire yesterday, burning on the Fishlake National Forest approximately 5 miles east of Salina Utah. The fire is burning in pinyon juniper and oak brush. The size is estimated at 40 to 50 acres, with no percent containment.

The cause of the fire is under investigation.

Observed fire behavior is creeping with isolated single tree and group-tree torching.

25 personnel are currently assigned to the fire, with two 20-person crews and four engines on order.

No structures are threatened and no injuries have been reported.

The weather forecast for today calls for continued high temperatures and low humidity. A Red Flag warning remains in effect from noon today to 10 pm this evening for dry thunderstorms and gusty outflow winds.

Information about this fire will be posted online at [www.utahfireinfo.com](http://www.utahfireinfo.com).
