

Farmington Spine Fire ~ Sunday 18, 2013

Contact:

Kim Osborn – US Forest Service – Fire Information Officer

801-710-3664

Start: 7/16/2013

Location: One mile south of Farmington Canyon, Farmington, Utah

Cause: Human cause

Size: 58 acres

Containment: 100%

Fuels: Oak brush and grass

Assigned Resources:

- 1 twenty person crew
- 1 engine
- Miscellaneous overhead

Fire Situation: Great progress was made yesterday as firefighters were able to contain the fire. Some interior heat is still visible so today, crews will continue with mop up operations and gridding the fire to ensure 100% mop up. Starting tomorrow, the fire will be placed in monitor status for the next week.

The closure order for the Farmington Canyon area has now been lifted. All previous listed closed areas are now open.
